Mr. J. . Curry
Chief of Police

Re: Information concerning vehicle
damage by gun shot

Sirs:

This report is in regards to information received that a Mrs. Joe Baily Blackwell, 1210 Holly Glen Drive, PB4 7117, had informed another person that her sister and husband were driving their car in almost the exact spot where the President was shot approximately one week before, when a bullet entered the rear window on the left side of their automobile.

Investigators determined that this report was started by Mrs. Blackwell's sister, Mrs. Luther Howle, 910 Winters, CH1 1429. This report was traced through Mrs. Howle back to a Mrs. Margaret Leath, an employee of Western Union Office, 2000 Main.

Investigators talked to Mrs. Leath and to her supervisor, a Mr. Johnson, who stated approximately five weeks ago Mrs. Leath was in the vicinity of the Continental Street under pass when the left side rear window shattered. There was no hole in the glass. A report was not given to the police. The glass has already been replaced.

Investigators examined the car, a 1957 Rambler, and could find no evidence of a bullet having entered the car.

Respectfully submitted,

P. G. McCaghen
P. G. McCaghen, Lieutenant
Burglary & Theft Bureau

C. C. Wallace
C. C. Wallace, Lieutenant
Juvenile Bureau
